

Chapter 6: Swift Retribution  
(第六章 : 速報)

The Origin Destiny Taesiong says:

Wishing others to fail, destroying others's successes, risking others for one's own securities, stealing from others to benefit oneself, bringing the worthless to trade for the precious, abandoning the public interests for personal gains, claiming others's talents for personal credits, covering up others's virtues, revealing others's unsightliness, assaulting on others's privacies, exhausting others's goods and moneys, breaking up others from their loved ones, infringing others's beloved, assisting others in wrong doings, exercising privileges to exert personal whims, slandering others for victories, possessing in hearts full of sinister plots, putting down others's strengths, ignoring one's own shortcomings, wielding whims to oppress and threaten, condoning violence, killings, and assaults; such learned persons, using the Greater China imperial unificationist conceptions, as coercions to oppress the weak, to pronounce mouthful, tongueful of demonic, deceiving languages, to argue in fallacy without differentiating rights and wrongs, preferring to be conniving and vicious villains: shall descend into the abyss full of horrors, crushing mountains, bloodiness, and filth; in as many as ten thousand lives, shall remain karmically futile to obtain physical incarnations. The current life's retribution, swift and furious it cometh.
